Axyia 6

Simply safe sterilization.

S-class autoclave Axyia 6 is designed around two core values: ease of use and durability. 4 programmes and automatic functions such as self-diagnosis, night cycle, cycle counter and remote control make it extremely easy to use. The choice of only quality materials and components guarantees maximum reliability over time. Elegant and compact, Axyia 6 weighs less than 20 kg and has a stainless steel chamber with a capacity of 6 litres.
